MARKINGS

The manufacturer is required to apply the following markings:

- Products shall be marked with the markings specified by the particular product standard.
- Products certified for Canada shall have all Caution and Warning markings in both English and French.

Additional bilingual markings not covered by the product standard(s) may be required by the Authorities Having Jurisdiction. It is the responsibility of the manufacturer to provide and apply these additional markings, where applicable, in accordance with the requirements of those authorities.

The following markings are applied on a stainless steel nameplate that is riveted to the front face of the terminal compartment cover:

- (a) Submitter's name, trademark, or the CSA Master Contract No.
- (b) The model designation “Nevis Bulkhead”.
